Dear Frank,

**TRANSITION Close-Down Report – DNO Peer Review**

Further to your request for UK Power Networks to review the Close-Down Report produced in respect of Scottish and Southern Electricity Networks TRANSITION NIC funded project, I can confirm that we have undertaken this review and consider that the Close-Down Report to be clear and understandable and contains sufficient detail and information to enable a DNO, not closely involved with the project, to make use of the learning generated to implement their own network solution as part of a Business as Usual offering.

Should you wish to discuss anything further or have any additional requirements that you need to address in respect of the TRANSITION project, please do not hesitate to contact me.

Yours sincerely

Andrew Burton  
Innovation Project Lead  
UK Power Networks
